This fee will be refunded if they are not selected for admission, and for those who are given seats the amount will be adjusted towards their fees.

No notice will be taken of applications which are not complete in all the above respects, nor can any corresponence be entered into concerning them.

5. The number of seats available at present is fifty and selection will be made from amongst the applicants by the Principal aided by the College Council. The list of selections will generally be published by the 20th of June and every candidate who have been previously selected will be duly informed by post. Selected candidates should appear before the Principal on a date to be fixed by him not later than the 27th June on their selection being confirmed by the Principal, the admission fee and the first instalment of tution fees shall be paid on a date to be fixed not later than the 1st July. Any selected candidate who fails either to appear at the interview or to pay up the fees as above will forfeit his claim to admission. Vacancies, if any, will be filled from amongst the remaining applications.

6. The tuition fees are Rs. 150 per year payable in two instalments of Rs. 75 each, the first on admission in July and the second in January. The Sports and reading room fees are Rs. 6 per annum also payable in two instalments. Each student on admission is required to deposit Rs. 10 against loss or damage to tools, apparatus and library books.

7. The course extends over four years followed by a year's practical training. The first year's course is common to all students. In the second year students shall be permitted to select Civil, Mechanical or Electrical Engineering according to their aptitude as shown in the Examination held at the end of the first year. The B. E. Degree Examination is taken at the end of the fourth year.

8. The College course commences on the 1st of July and ends on the 31st March following. The summer vacation extends from April to June, both months inclusive. There will be tours of inspection during the college course, and students are expected to spend a portion of their vacation in Engineeering works and in making sketches and measured drawings.

9. Each student must provide himself with the necessary set of drawing instruments and text books, prescribed. The cost of these for the whole course will be about Rs. 350.

10. A hostel is attached to the college which provides boarding and lodging for about 40 students and the expenses amount to about Rs. 25 per student per month.
